**Step 3:** A page will appear like the screen shared below, go to the “Setting” section and then click on “User Permission” as you can see here:

**Step 4:** Click on “Visit Manage Your Apps” to authorise a new developer.

## User Permissions

Use the Permissions Manager to grant access rights to other users. [Learn more](#)

Amazon takes the security of your account seriously. Invite only people or businesses that you trust to access your business information.

### Current Users

Name	Email Address	Manage Permissions
[Redacted]	[Redacted]	[Manage Permissions]

### Add a New Seller Central User

Name	Email Address	Language	Invite
<input type="text"/>	<input type="text"/>	English	[Invite]

## Third-party developer and apps

To authorise a new developer, or to manage your authorised third-party developers and apps, visit the Manage Your Apps page by clicking below

[Visit Manage Your Apps](#)

[Click Here](#)

## Amazon MWS Developer Access Keys

To register as a developer, or to view your API Access keys, visit the Developer Credentials page by clicking below

[Visit Developer Credentials](#)

**Step 5:** Click on “Authorise the developer”.

## Manage your apps

Manage access to your seller data

[Authorise new developer](#)

Status	Name	Developer ID	Authorisation date Expiration date	MWS Auth Token	Actions
Active	sellernext	439520605418	23/11/2018, 5:25 PM 23/11/2019, 5:25 PM	<a href="#">View</a>	<a href="#">Renew</a> <a href="#">Disable</a>
Disabled	ByteStand	404863400484	27/7/2018, 7:41 PM		<a href="#">Enable</a>

**Step 5:** A page will appear like the screenshot given below. Copy the **Developer's Name & Developer ID** (for your selected region: given on the top) and paste it there, then click on **Next** button.

## Amazon Marketplace Web Service (Amazon MWS)

Developer's Name: Developer ID:  For example: 1234-1234-1234 or 123412341234[Next !\[\]\(cbd8541a32dfc32f356f5c6c994b0a21\_img.jpg\)](#)

**Step 6: Next** you need to confirm the permission request, check both the checkboxes and proceed further.

The screenshot shows the Amazon Services interface for Amazon Marketplace Web Service (Amazon MWS). At the top, it says "amazon services" and "Greetings". The main heading is "Amazon Marketplace Web Service (Amazon MWS)". Below this, a message states: "Click Next below to confirm you understand this, and that you want us to give CEDCOMMERCE IN access to your Amazon seller account." There are two checkboxes with associated text. The first checkbox is for accepting the Amazon MWS Licence Agreement, with a warning that the user is responsible for third-party actions. The second checkbox is for accepting full responsibility for the acts and omissions of CEDCOMMERCE IN. A "Next" button is located at the bottom right.

**amazon services** Greetings

## Amazon Marketplace Web Service (Amazon MWS)

Click Next below to confirm you understand this, and that you want us to give CEDCOMMERCE IN access to your Amazon seller account.

I have read and accepted the [Amazon MWS Licence Agreement](#).

If you give third parties access to your account, you are responsible for all actions taken by the third parties in connection with your account.

**Also, do not provide your Amazon user name and password information to anyone who contacts you by email or phone and asks for this information, even if they claim to be from Amazon. No one from Amazon will ever ask you to verify your user name and password outside of your own logging in to your Amazon selling account.**

I understand that I take complete responsibility for the acts and omissions of CEDCOMMERCE IN regarding my Amazon selling account and hereby direct Amazon to allow CEDCOMMERCE IN to access my Amazon selling account.

Next

**Step 7: Moving forward** here you will get the "MWS Authorisation Token" and SellerId.

The screenshot shows the Amazon Seller Central interface. At the top, it says "amazon seller central india". The main heading is "amazon services" and "Greetings MILIND SINGH (Not MILIND SINGH?)". Below this, a message states: "Congratulations! CEDCOMMERCE IN can now access your Amazon seller account with MWS". There is a note about account identifiers. Below the note, there are two boxes. The first box is titled "Seller account identifiers for sellernext" and contains "Seller ID:" and "Marketplace ID: A21IJRUUN4KGV (Amazon.in)". The second box is titled "Seller-Developer Authorisation" and contains "MWS Authorisation Token:". A red arrow points to the "MWS Authorisation Token:" label. A "FEEDBACK" button is located at the bottom left.

## amazon services

Greetings MILIND SINGH (Not MILIND SINGH?)

### Amazon Marketplace Web Service (Amazon MWS)

Congratulations!

CEDCOMMERCE IN can now access your Amazon seller account with MWS

These are your account identifiers, which CEDCOMMERCE IN will need to access your Amazon seller account. These are the only identifiers that you need to provide. You should not share additional credentials such as your username or password. You will need to register with CEDCOMMERCE IN and provide these identifiers before they can make Amazon MWS API calls on your behalf.

Note: To help make sure your Amazon MWS authorisations are up to date, from time to time we may ask you to confirm the developers and applications you have authorised. You can learn more about our Developer Access Renewal program [here](#).

Seller ID: Seller account identifiers for sellernext

Seller ID: [REDACTED]

Marketplace ID: A21IJRUUN4KGV (Amazon.in)

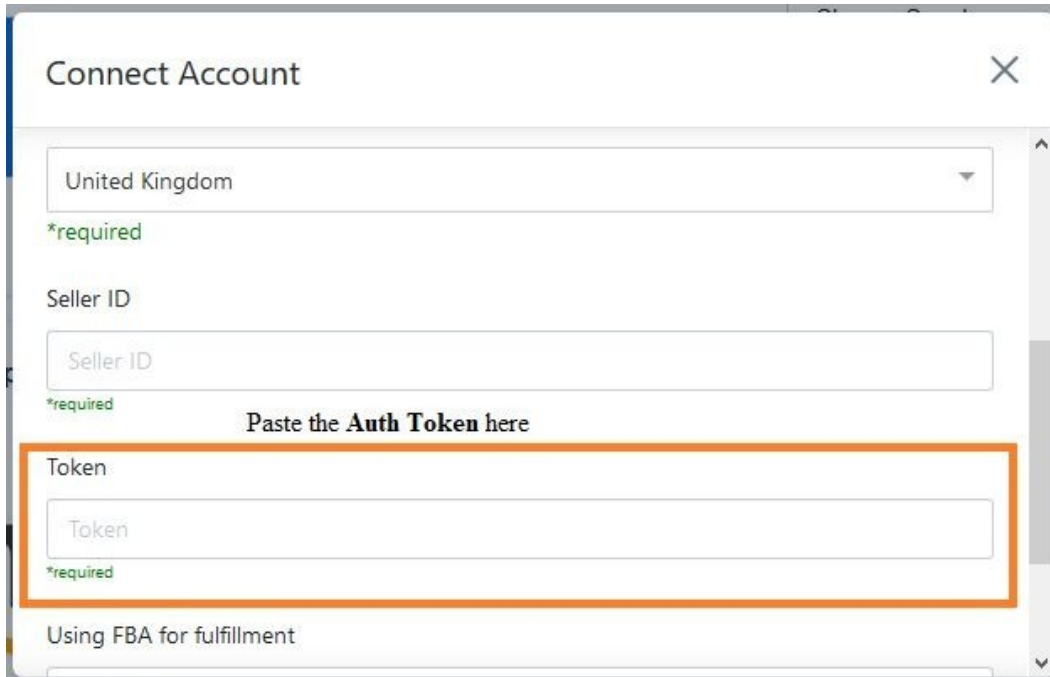

Seller-Developer Authorisation

MWS Authorisation Token: [REDACTED]

MWS authorisation Token

FEEDBACK

Step 8: At last, seller need to enter copy and paste that Seller ID and Token on the app as given below.

The image shows a 'Connect Account' form with the following fields and labels:

- Country:** A dropdown menu currently showing 'United Kingdom'. Below it is the label '\*required'.
- Seller ID:** A text input field with the placeholder 'Seller ID'. Below it is the label '\*required'.
- Auth Token:** A text input field with the placeholder 'Token'. This field is highlighted with an orange border. Above it is the instruction 'Paste the Auth Token here'.
- Fulfillment:** A section labeled 'Using FBA for fulfillment' with a dropdown menu below it.
