## **Overview of vidaXL**

With a massive presence in over 29 countries across 3 continents, vidaXL is the fastest-growing international online retailer offering a distinguished list of products in multiple categories such as home furniture & furnishing items, garden furniture, clothes, and tools. Not only known for providing a highly rated shopping experience to customers, vidaXL also offers an easy-breezy dropshipping experience to sellers.

With over 50,000 vidaXL products to discover and add to your store, vidaXL Dropshipping allows you to sell products to customers from all over Europe, Australia, and the USA. The key advantages of dropshipping with vidaXL include the 0% commission facility and end-to-end fulfilment service.

## **vidaXL Dropshipping Integration**

The vidaXL Dropshipping for Shopify is a proven way to reach millions of people around the world. The app allows you to link your Shopify store to vidaXL dropshipping, the most important wholesale provider.

The vidaXL dropshipping app is packed with robust features that allow sellers to quickly select and import products from vidaXL Dropshipping to sell on their Shopify store. Moreover, it is fully compatible with vidaXL Official API, which implies product automation, logistics, and order processing are all very secure.

## **Role of vidaXL Dropshipping Integration**

The all-in-one vidaXL dropshipping Integration solutions for Shopify were created to assist sellers in running their drop shipping businesses with ease while also allowing them to customise features as needed.

### **Instant Import**

In just one click, import products from vidaXL that you want to sell in your Shopify store. No hassle or lengthy procedure is needed.

### **Seamless Integration**

The vidaXL Dropshipping integration allows for smooth synchronization between the store and the dropshipping portal, making the app livelier and more user-friendly for Shopify sellers.

## **Real-Time Synchronization**

Sellers benefit from API-based integration options that provide real-time information about their inventory in their stores. An accurate inventory update in real-time plays a vital role in a successful dropshipping business. Our app helps you to stay up-to-date with inventories in real-time due to constant notifications.

## **Price Markup**

Set up price mark-up guidelines to boost profit margins by a certain percentage or a fixed amount.

## **Hassle-free Bulk Import**

The app allows you to import many products quickly and easily with just one click. In no time, sellers can import hot-selling products from vidaXL to their Shopify store.

## **Automated Order Management**

With the vidaXL Dropshipping Integration, Shopify retailers can manage their inventory without having to manually process each order. As a result, resources are freed up to work on more productive tasks.

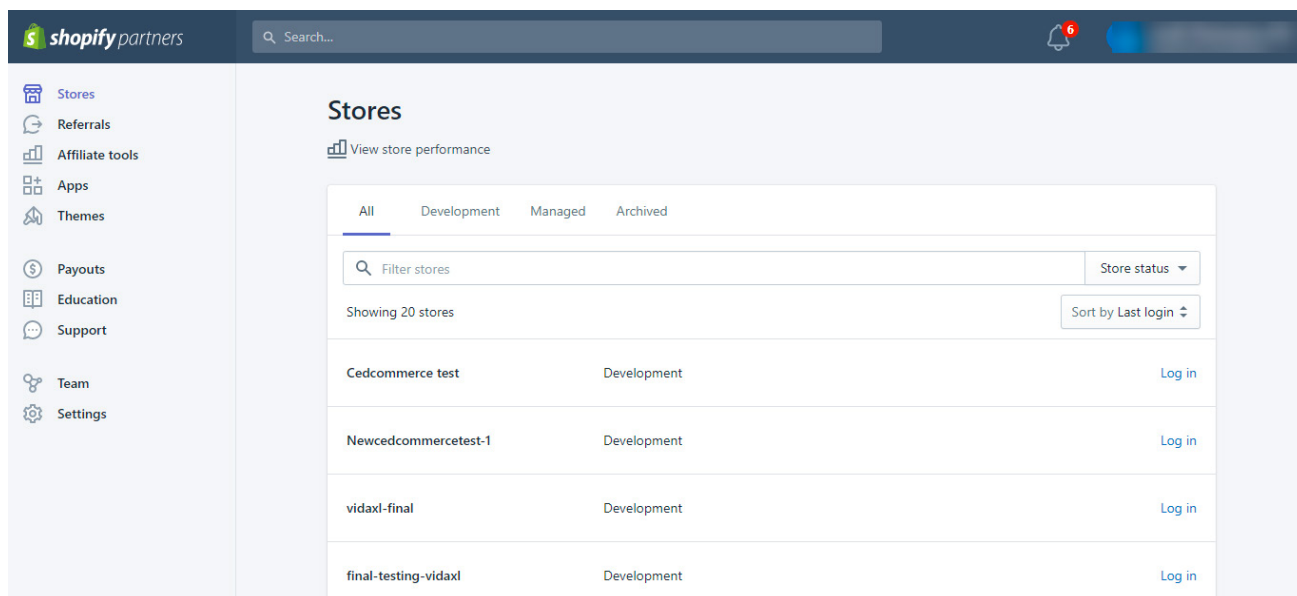

## **Satisfied Customer Base**

Most customers are pleased when they can shop for a range of items in one location. We make it easy for online retailers to add and expand their product listings. As a result, we provide the opportunity to keep your potential clients happy and engaged.

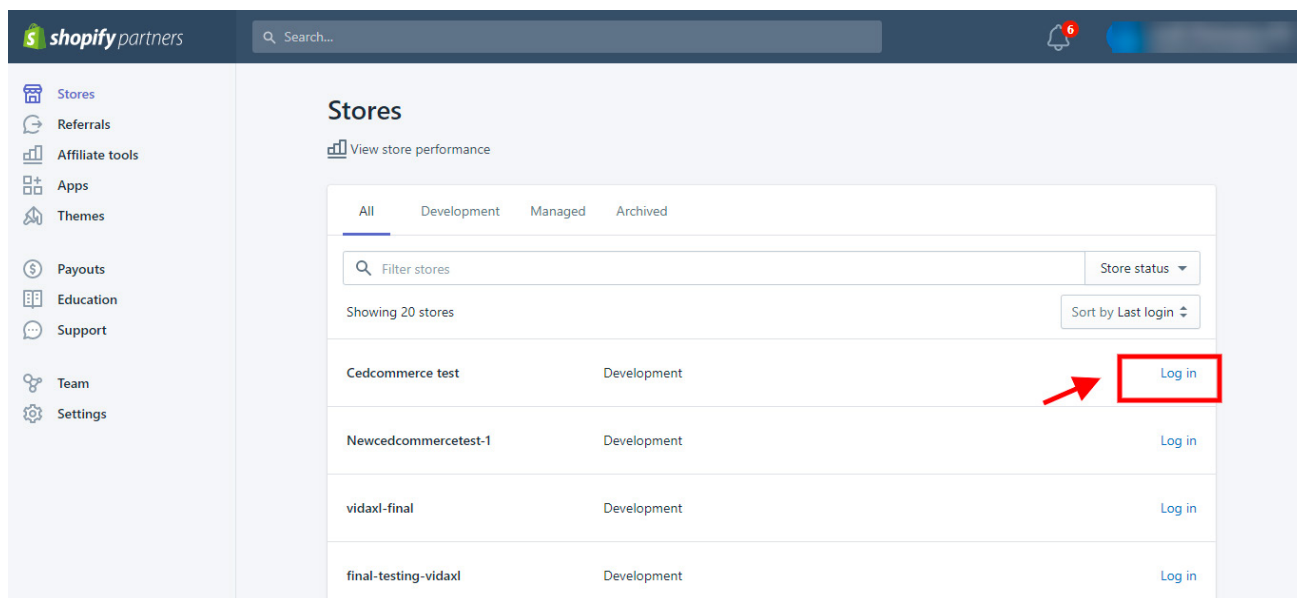

# How to install the vidaXL Dropshipping app?

Accessing the vidaXL app is necessary in order to run online retail processes without interruption. This is how the onboarding process is completed.

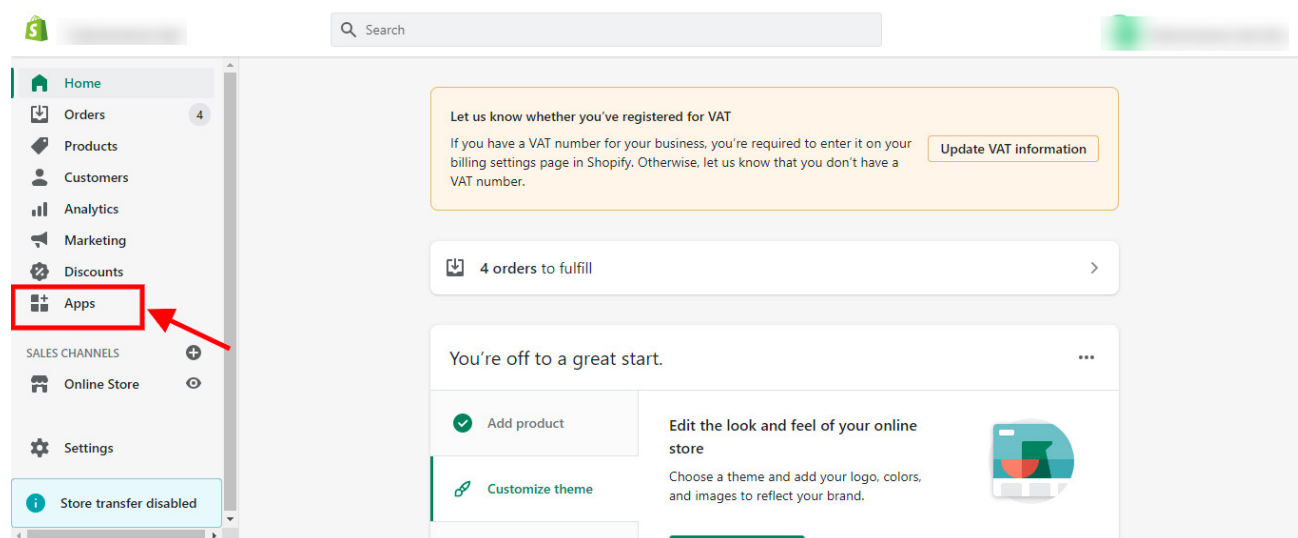

- Navigate to the **Shopify Partners** page.

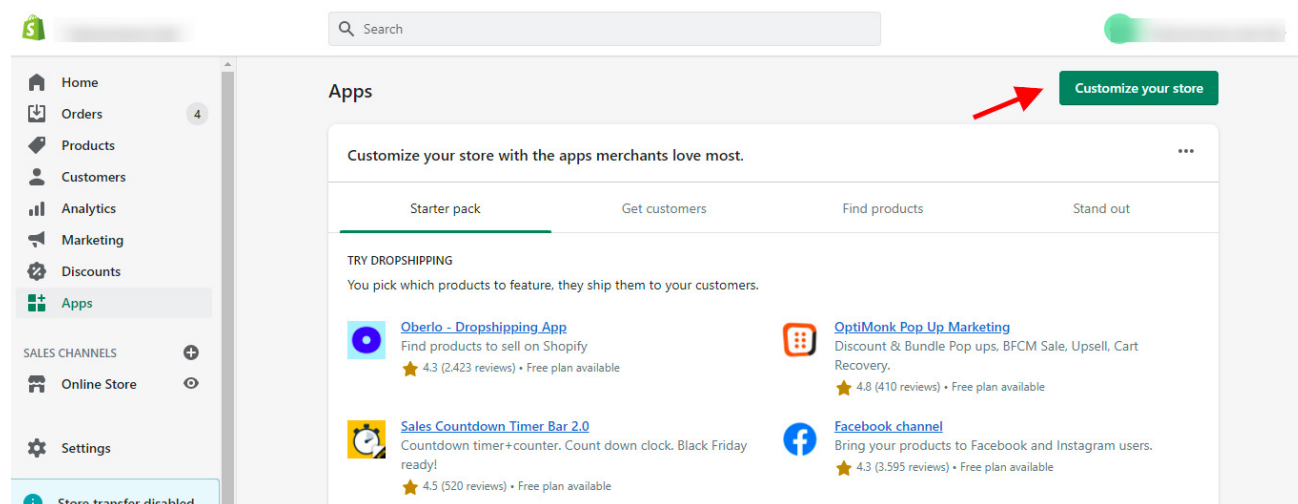

- Now go to your **Shopify store** and “**Log In**”.

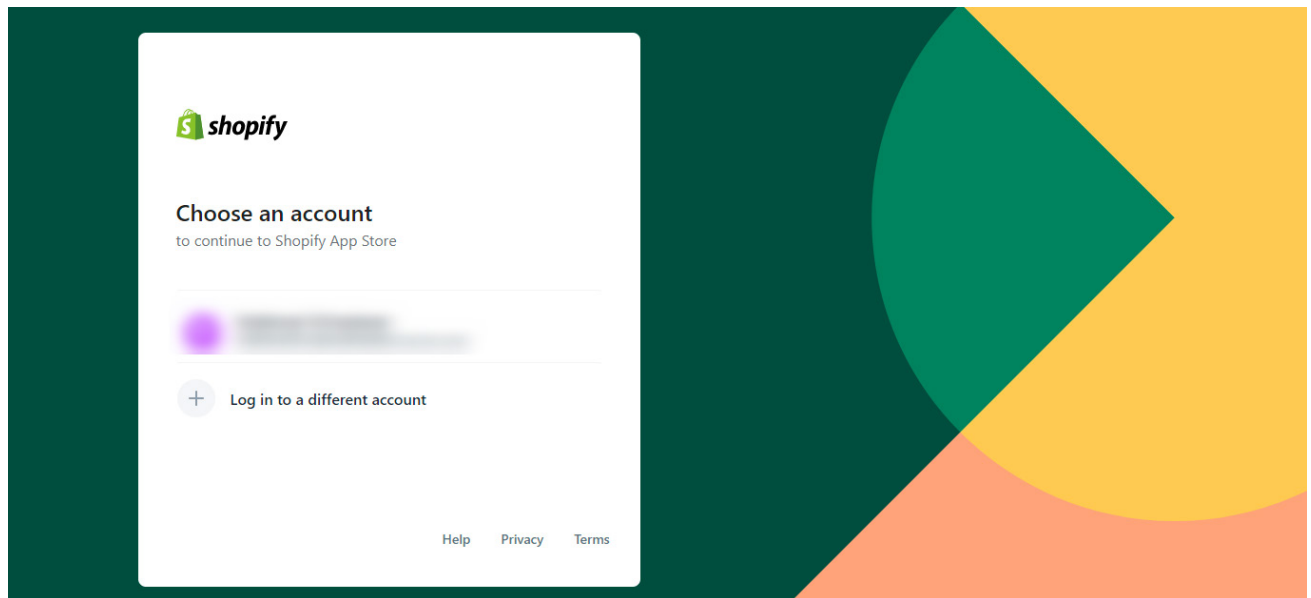

- As soon as you click the “Log In” button, a page appears as shown below. Now Click on the “**Apps**” section.

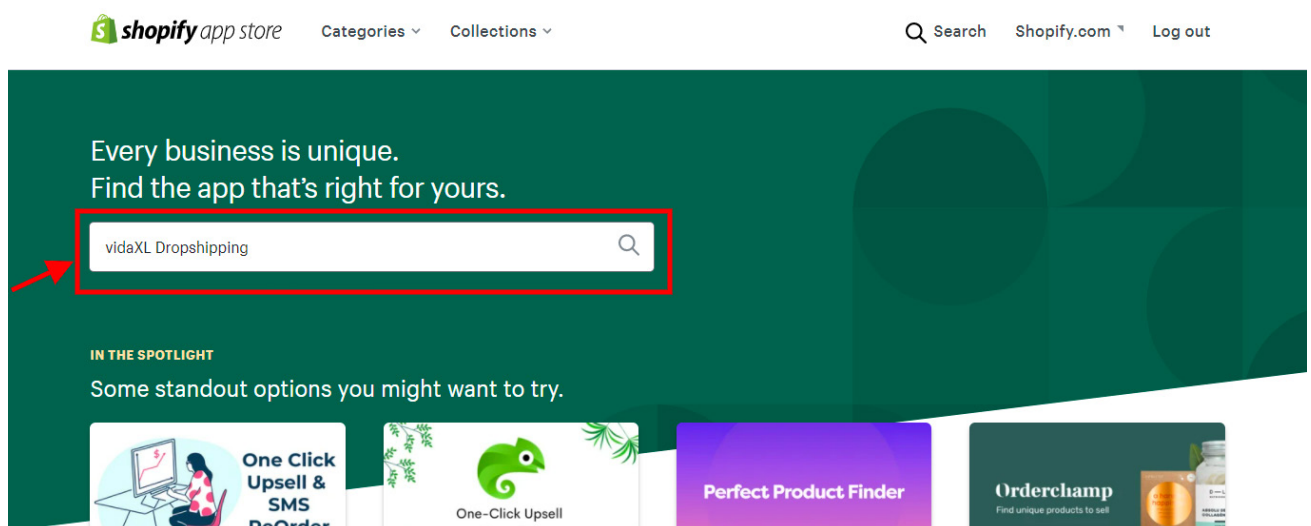

- The “Apps” page will appear as seen below, with the “**Customize your store**” button in the top-right corner.

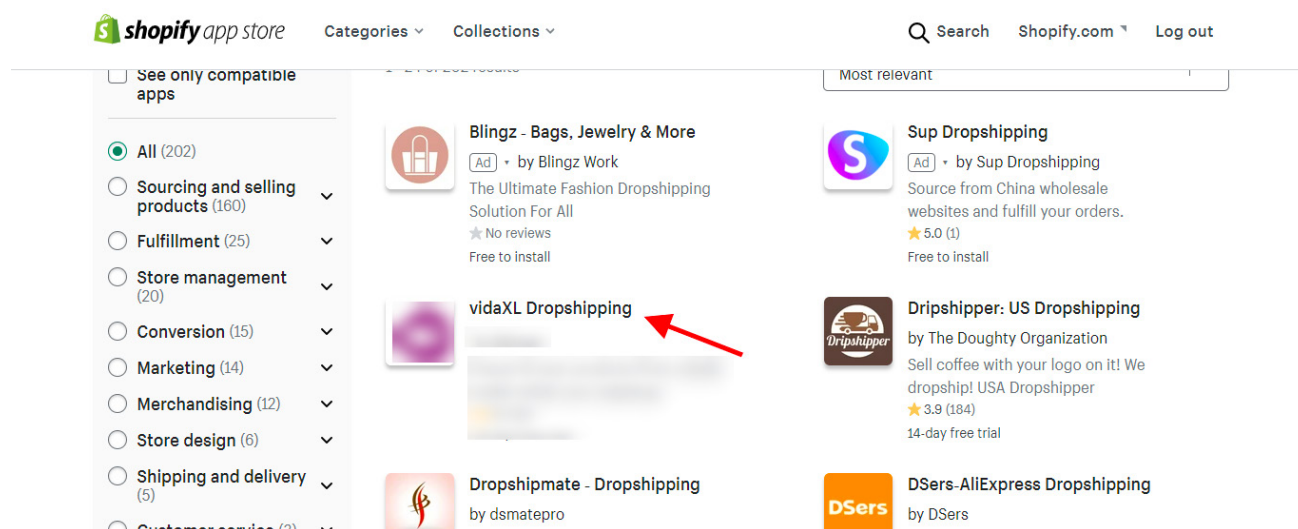

- The “Login” page will now open, prompting you to enter your Shopify store **login credentials**.

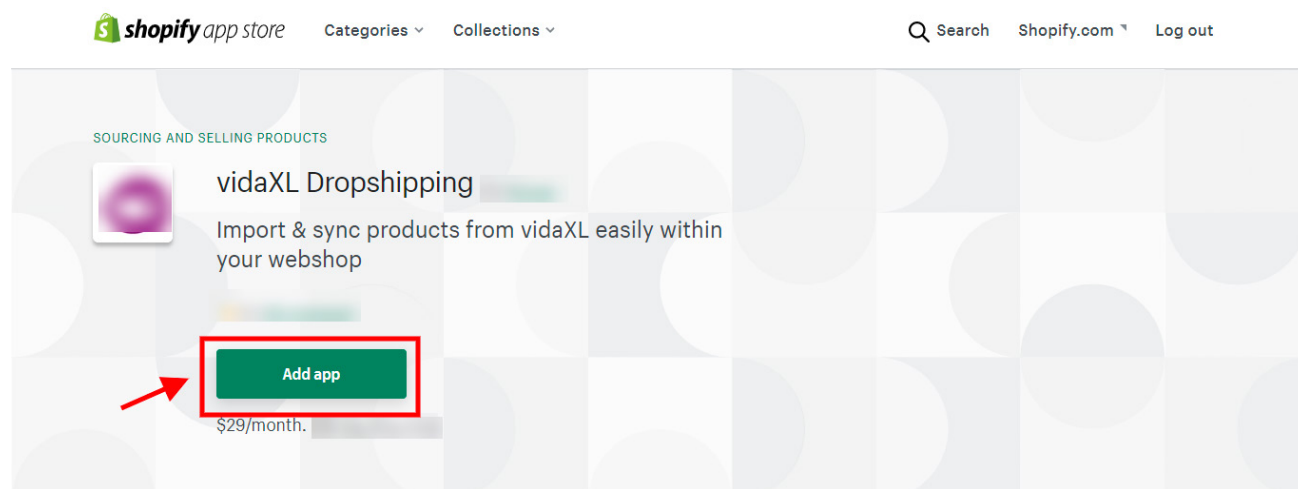

- The Apps page for Shopify opens. You must look for the **vidaXL Dropshipping app** here, as shown below.

- **Select the vidaXL Dropshipping app** you want from the list. You will then be taken to the vidaXL dropshipping app page. For a better understanding, look at the image below:

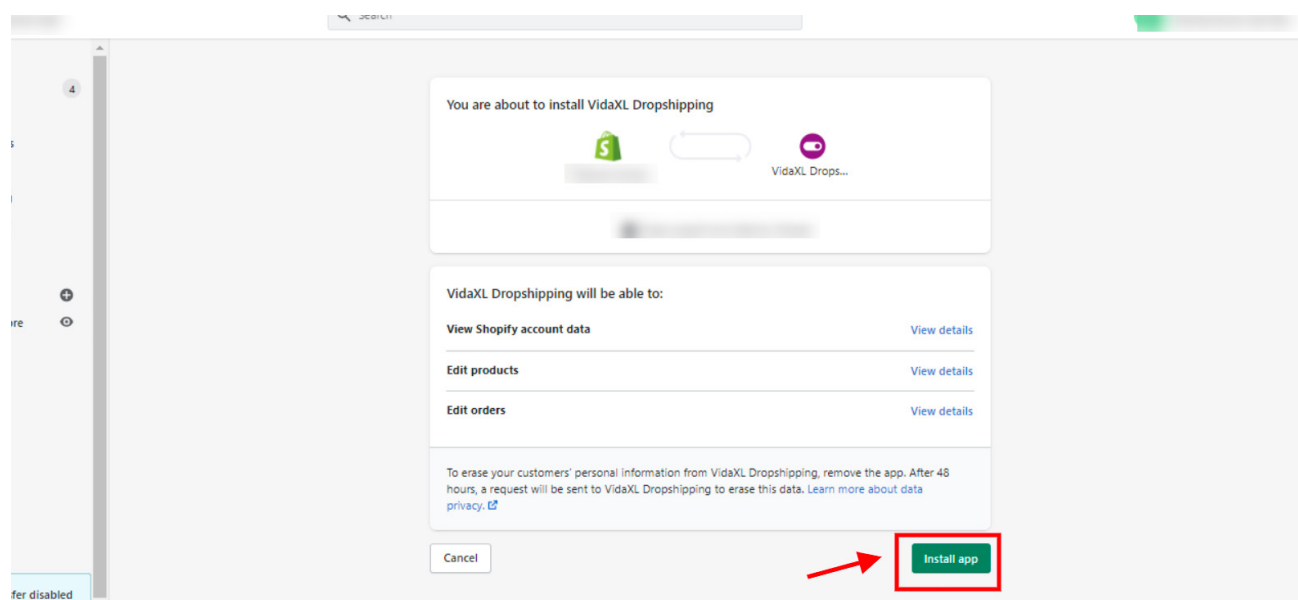

- Now, click on the **“Add app”** button to install the app.

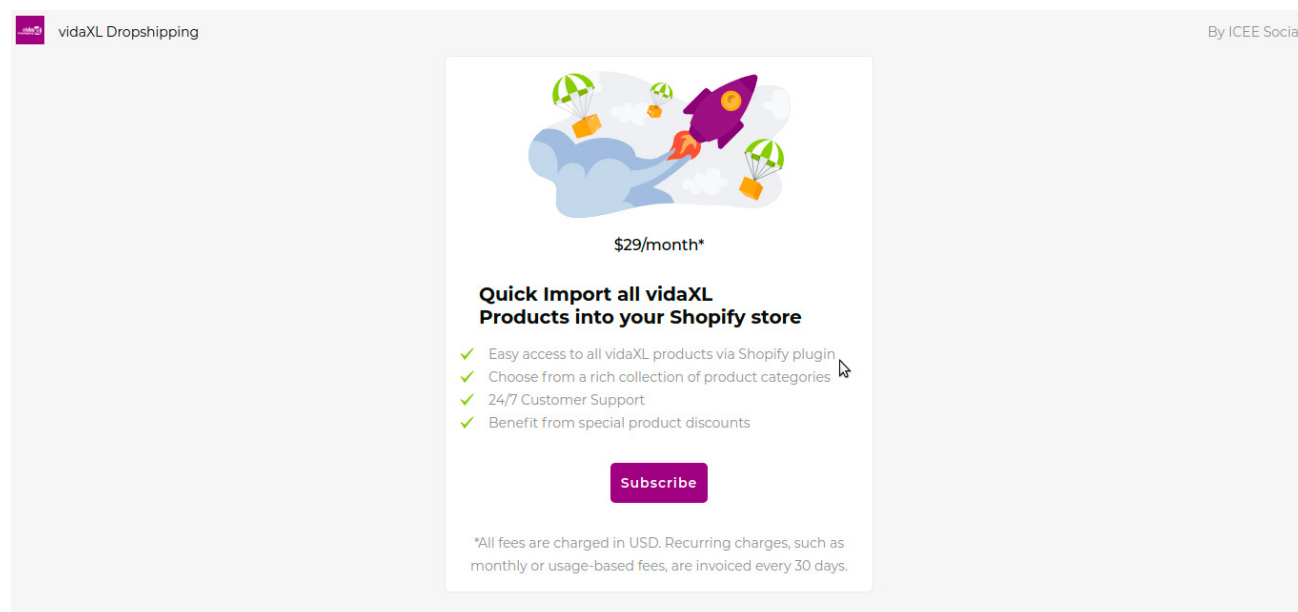

- You will now be taken to the screen shown below, where you must click the **“Install app”** button. For a better understanding, look at the image below:

- Then, to access the app you need to choose and purchase your desired Plan.

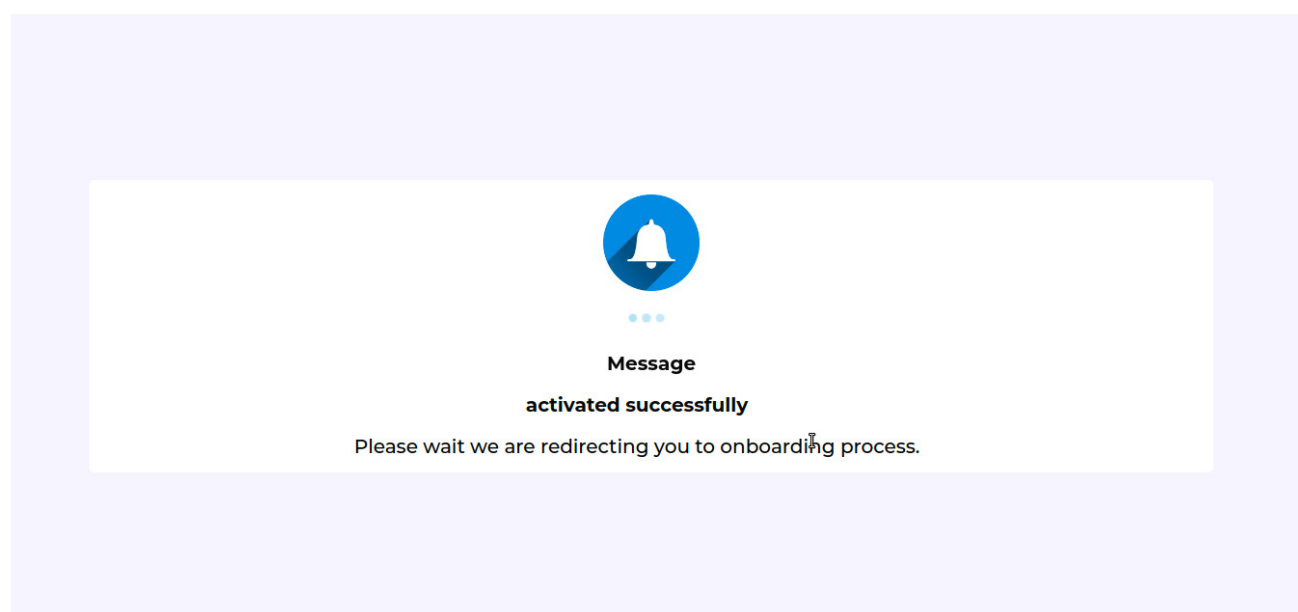

- Continue with the payment process as needed.

The screenshot shows the admin interface for 'vidaxl-final'. The left sidebar contains navigation links: Home, Orders, Products, Customers, Analytics, Marketing, Discounts, Apps, and Settings. Below these are 'SALES CHANNELS' with 'Online Store' and a 'Store transfer disabled' status. The main content area is titled 'VidaXL Dropshipping by vidaXL Marketplace B.V.'. It features a 'NEW SUBSCRIPTION' section with an 'App Plan (every 30 days)' for '\$29,00'. Below this is the 'Payment method' section, which offers 'Credit card' and 'PayPal' options. The 'PayPal' option is selected, and a button 'Pay with PayPal' is visible. On the right, an 'Order summary' box shows the 'App Plan Monthly' for '\$29,00', a 'Subtotal plus any applicable taxes' for '\$29,00', and a 'Total' of '\$29,00 USD'. A green button 'Approve subscription' is at the bottom of the summary box.

- Wait a few seconds after making the payment to be redirected to the Onboarding procedure.

# Onboarding Process

When you first install the App, you'll be taken to an onboarding page where you'll be asked to enter your seller login details. The first step you'll have to complete is:

## User Details

To connect to the Shopify plugin, you will need:

- a valid **vidaXL dropshipping account**
- an **API Key**.

The first step is to register as a dropshipper on [www.dropshippingXL.com](http://www.dropshippingXL.com) and go through the verification process.

After your account has been approved, email us at [dropshipment@vidaxl.com](mailto:dropshipment@vidaxl.com) to get an API Key. The API key will be sent to you via email after a brief account verification.

**Please enter your  
vidaXL dropshipping  
credentials**

Email address

API Key

Request your API key after you've created and verified your vidaXL dropshipping account.

**Connect**

To receive your API key, send an email to [dropshipment@vidaxl.com](mailto:dropshipment@vidaxl.com)

Need more help? [Download our guide.](#)

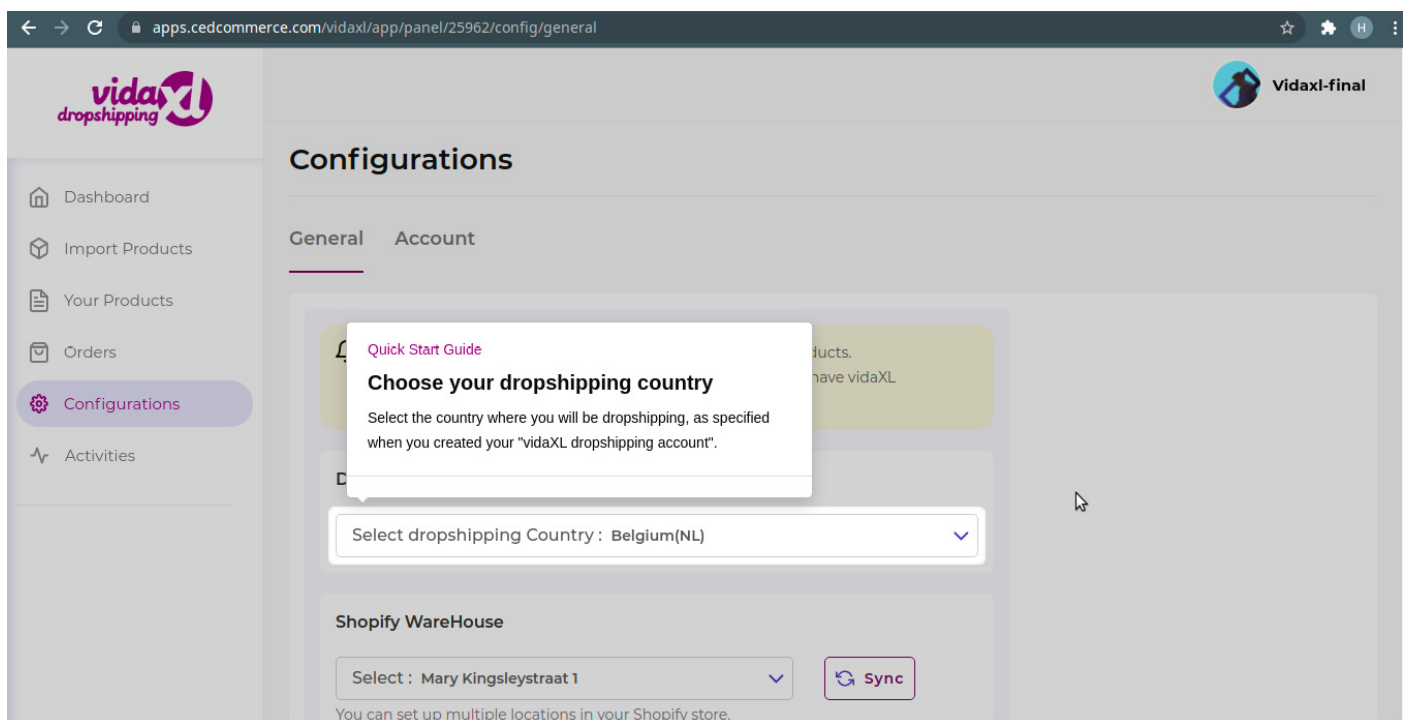

### Not signed up yet?

- ✓ Easy API connection with Shopify store
- ✓ Ship in 29+ countries
- ✓ Warehouse in USA, Europe and Australia
- ✓ Discount on all your orders
- ✓ Fast customer service response time

**Discover More**

You're ready to connect to the Shopify plugin, now that you have a vidaXL dropshipping account and an API key.

The seller will be led to the Configuration section of the app after inputting their email address and vidaXL API key.

# Configuration

From here, you may choose your preferred dropshipping country and warehouse location. In addition, you can set desired product prices and product inventory limits in this section, which will appear in your Shopify store:

The screenshot shows the Vidaxl Configuration page with the 'General' tab selected. The left sidebar contains links to Dashboard, Import Products, Your Products, Orders, Configurations (highlighted), and Activities. The main content area has a yellow notification banner at the top stating: 'Choose the country from which you want to import the products. You can only import products from the country for which you have an API key.' Below this are four sections: 1. 'Dropshipping Country' with a dropdown menu showing 'Australia'. 2. 'Shopify Warehouse' with a dropdown menu showing 'Mary Kingsleystraat 1' and a 'Sync' button. 3. 'Price Converter' with a dropdown menu showing 'Default' and a text input field with '0'. 4. 'Threshold Inventory' with a text input field showing '0'.

## General

**1. Dropshipping Country** - The dropdown menu allows you to select the preferred Dropshipping country.

This close-up shows the 'Dropshipping Country' dropdown menu. The selected option is 'Australia'. Below the dropdown, there is a search bar and a list of countries: Austria, Australia, and Belgium(NL).

**2. Shopify Warehouse** - You can choose your preferred warehouse option from the Shopify Warehouse selection. So, if you have multiple locations where you store your merchandise for your Shopify store, don't worry. Then, using the "Sync" option, you can quickly add that location to the warehouse dropdown.

This close-up shows the 'Shopify Warehouse' section. It features a dropdown menu with 'Mary Kingsleystraat 1' selected. A red arrow labeled '1' points to the dropdown arrow. To the right of the dropdown is a 'Sync' button with a circular arrow icon. A red arrow labeled '2' points to the 'Sync' button. Below the dropdown, the text 'Mary Kingsleystraat 1' is visible.

**3. Price Converter** - Use Price Converter to adjust the price of the product you wish to upload to your Shopify store. It gives you two possibilities:

- 1) **Default:** Select this option to determine the default price.
- 2) **Fixed Increased:** Select this option to establish a fixed increased amount for the product.
- 3) **Fixed decreased:** Pick this option to establish a fixed decreased amount for the product.
- 4) **% increase:** Increases the price of the uploaded product in percentage
- 5) **% decrease:** Increases the uploaded product's percent decline value.

**Price Converter**

Default
Fixed Increased
Fixed Decrease
% Increase
% Decrease

The fixed increase is expressed in AUD.

on , the product will get Out of Stock

**4. Threshold Inventory** - Once a seller sets a specific quantity in his Threshold Inventory for an imported product, if his inventory reaches that value, that product is shown as out of stock in his Shopify store.

**Threshold Inventory**

Whenever the product reaches this inventory value on , the product will get Out of Stock

Save

## Account

This section allows you to switch accounts as needed. In other words, if you have two different vidaXL dropshipping accounts then you can easily switch between them by clicking on the **“Switch Account”** button.

# Import Products

In this section, a seller can find all imported products from vidaXL in a single place. This is when the actual product import process begins.

You can view the Product images, Title (as appears on Shopify), Inventory Status, SKUs, vidaXL Item Id. The Import Section of vidaXL is shown in the screen below.

The screenshot shows the 'Import Products' dashboard. On the left is a sidebar with navigation links: Dashboard, Import Products (selected), Your Products, Orders, Configurations, and Activities. The main area has a header with the 'Import Products' title and a button 'Import All (26648)'. Below the header is a search bar 'Enter Product Title' and buttons for 'Categories' and 'Filters'. A pagination bar shows '10' items per page, '1' of 2665 total items. The main table lists products with columns: Image, Title, Quantity, Price, Status, Action, and View. The table contains five rows of garden lounge sets with varying quantities and prices. The first two rows are marked 'Imported' and the last three are marked 'Not imported'.

	Image	Title	Quantity	Price	Status	Action	View
<input type="checkbox"/>		vidaXL 2 Piece Garden Lounge Set with Dark Grey Cushions Bamboo	32	AUD 337.74	Imported	<a href="#">Import</a>	<a href="#">Details</a>
<input type="checkbox"/>		vidaXL 3 Piece Garden Lounge Set with Dark Grey Cushions Bamboo	30	AUD 465.96	Imported	<a href="#">Import</a>	<a href="#">Details</a>
<input type="checkbox"/>		vidaXL 4 Piece Garden Lounge Set with Dark Grey Cushions Bamboo	14	AUD 594.17	Not imported	<a href="#">Import</a>	<a href="#">Details</a>
<input type="checkbox"/>		vidaXL 5 Piece Garden Lounge Set with Dark Grey Cushions Bamboo	5	AUD 708.32	Not imported	<a href="#">Import</a>	<a href="#">Details</a>
<input type="checkbox"/>		vidaXL 6 Piece Garden Lounge Set with Dark Grey Cushions Bamboo	15	AUD 838.1	Not imported	<a href="#">Import</a>	<a href="#">Details</a>

## Let's shed some light on each column

<input type="checkbox"/>	Image	Title	Quantity	Price	Status	Action	View
<input type="checkbox"/>		vidaXL 2 Piece Garden Lounge Set with Dark Grey Cushions Bamboo	32	AUD 337.74	Imported	<a href="#">Import</a>	<a href="#">Details</a>
<input type="checkbox"/>		vidaXL 3 Piece Garden Lounge Set with Dark Grey Cushions Bamboo	30	AUD 465.96	Imported	<a href="#">Import</a>	<a href="#">Details</a>
<input type="checkbox"/>		vidaXL 4 Piece Garden Lounge Set with Dark	14	AUD 594.17	Not imported	<a href="#">Import</a>	<a href="#">Details</a>

**Image:** Picture that depicts your product similar to your Shopify store

**Title:** Descriptive headline of your product

**Quantity:** It displays the amount of vidaXL available variant for every given product.

**Price:** It displays the product's pricing as it will appear in your Shopify store.

**Status:** This is the status of the product as visible on vidaXL. If a product is either imported/Not Imported the same status gets displayed here.

**Action:** Click here to import products to your product section

**View:** Shows the entire product details like attributes, images, number of items in stock, etc.

## Some Important Functions of Import Products

<input type="checkbox"/>	Image	Title	Quantity	Price	Status	Action	View
<input type="checkbox"/>		vidaXL 2 Piece Garden Lounge Set with Dark Grey Cushions Bamboo	32	AUD 337.74	Imported	<a href="#">Import</a>	<a href="#">Details</a>
<input type="checkbox"/>		vidaXL 3 Piece Garden Lounge Set with Dark Grey Cushions Bamboo	30	AUD 465.96	Imported	<a href="#">Import</a>	<a href="#">Details</a>
<input type="checkbox"/>		vidaXL 4 Piece Garden Lounge Set with Dark Grey Cushions Bamboo	14	AUD 594.17	Not imported	<a href="#">Import</a>	<a href="#">Details</a>

**1. Search Bar:** Makes searching of products easy when entering the Product title

The screenshot shows the 'Import Products' interface. A red box highlights the 'Enter Product Title' search bar, with a red arrow pointing to it. The interface includes a sidebar with navigation links (Dashboard, Import Products, Your Products, Orders, Configurations, Activities) and a top bar with the 'Import All (26648)' button. The main table displays product listings with columns for Image, Title, Quantity, Price, Status, Action, and View.

**2. Category:** A seller can filter product(s) based on Categories. To use this filter, all you need to do is to:

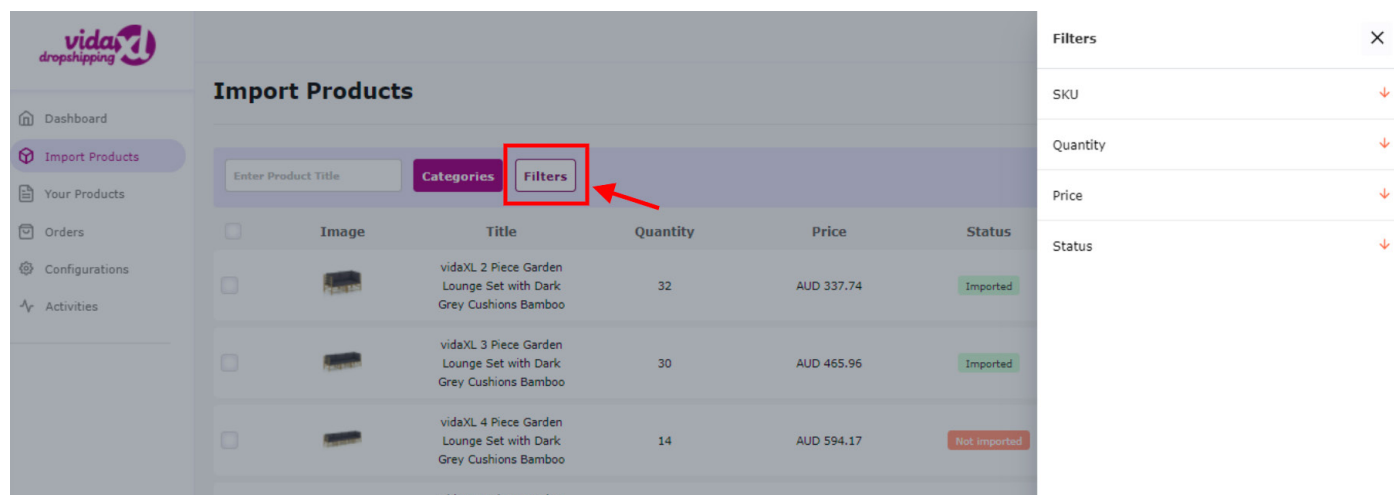

- 1) Click on the "Category" button,
- 2) A sliding window appears on the right.
- 3) Simply select the main category from the dropdown
- 4) Then pick the sub-categories as needed

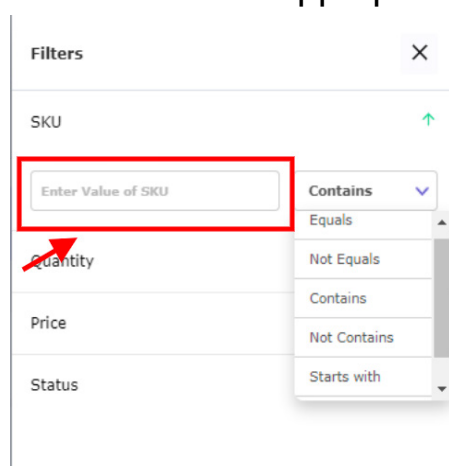

This screenshot shows the 'Import Products' page with the 'Categories' button highlighted by a red box and an arrow. A 'Category Filter' dropdown menu is open on the right side of the page, displaying a list of categories: Electronics, Software, Sporting Goods, Hardware, Food, Beverages & Tobacco. A red arrow points to the dropdown arrow icon. The main table shows a larger set of product listings, including 2, 3, 4, 5, and 6 piece garden lounge sets. At the bottom of the filter panel, there are 'Reset' and 'Apply' buttons.

**3. Filters:** Sellers can search for a certain product by entering its SKU, Quantity, Price, and Status.

**1) SKU:** Filter your products based on their SKU. Simply input the SKU and then select the appropriate option from the Contains dropdown menu.

01. **Equal:** If you are certain of your product's SKU

02. **Not Equal:** If you want to exclude that particular SKU

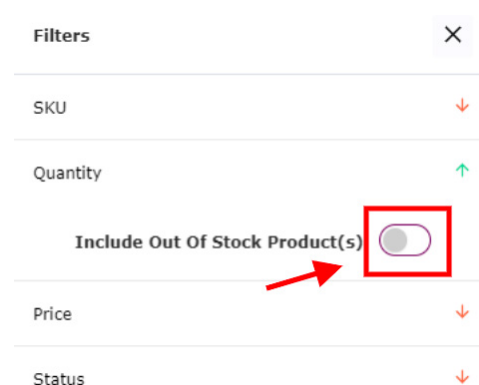

03. **Contain:** If you partially remember a particular SKU, you can type those values

04. **Not Contain:** If you know which values were not included in a SKU, enter them here

05. **Start With:** If an SKU starts with a particular value then use this option

06. **End With:** If an SKU ends with a particular value then use this option. The list of shown products is decreased and your requirements are filtered accordingly when you use the above-mentioned options.

**2) Quantity:** This enables you to see a list of products that are currently Out of Stock. To use this filter, you must move the slider. For a better understanding, look at the image provided.

**3) Price:** Set the minimum and maximum price ranges for the products to appear in the list.

Filters ×

**4) Status:** To filter products on the basis of the Status, you can select the following status options:

- 01. Imported - Choose this option to filter only products imported from vidaXL
- 02. Not imported - Choose this option to filter only products that are not imported from vidaXL.

Filters ×

Not Imported

**4. Import All:** this option allows you to import all the vidaXL products to the app in one go. Generally, sellers use this option only when the products are not imported to the app.

The screenshot shows the 'Import Products' interface. On the left is a sidebar with navigation links: Dashboard, Import Products (active), Your Products, Orders, Configurations, and Activities. The main area has a search bar and filters. A table lists products with columns: Image, Title, Quantity, Price, Status, Action, and View. The first product is 'vidaXL 2 Piece Garden Lounge Set with Dark Grey Cushions Bamboo' with a quantity of 32 and a price of AUD 337.74, marked as 'Imported'. In the top right corner, there is a button labeled 'Import All (26648)' which is highlighted with a red box and an arrow.

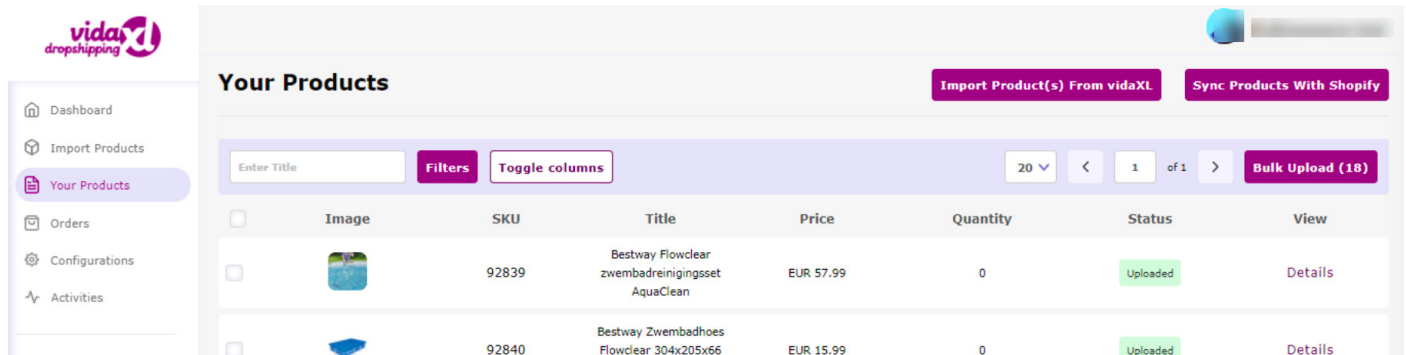

**5. Checkboxes (Import selected):** Now, if you want to import any product or bulk of selected products, all you have to do is check the checkboxes next to each product and then click the “Import selected” button to initiate the import process.

This screenshot shows the 'Import Products' page with the first product in the table selected. The checkbox next to the product image is checked. Above the table, a button labeled 'Import selected (1)' is highlighted with a red box and an arrow. The 'Import All (26648)' button is also visible in the top right corner.

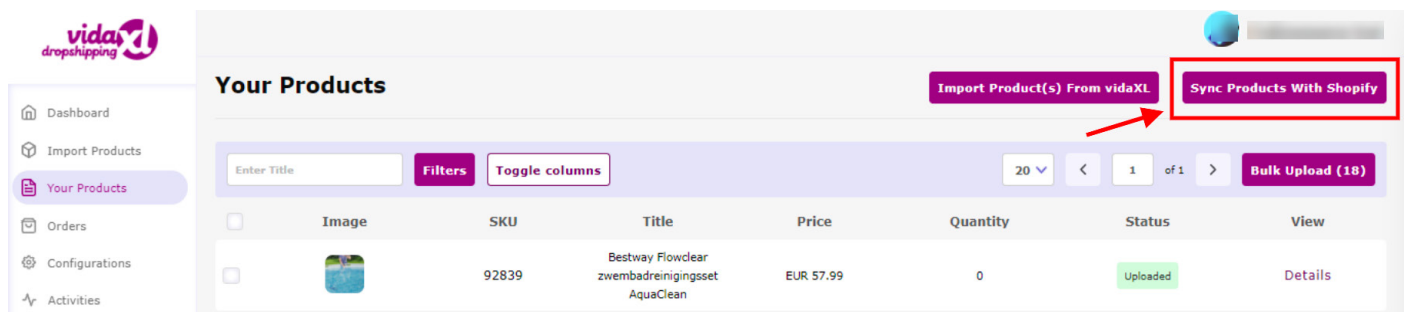

# Your Products

The Your Products section is where sellers will find their list of imported items that they want to upload to their Shopify store. In other words, all the imported items from vidaXL are displayed here. The image below explains it in detail.

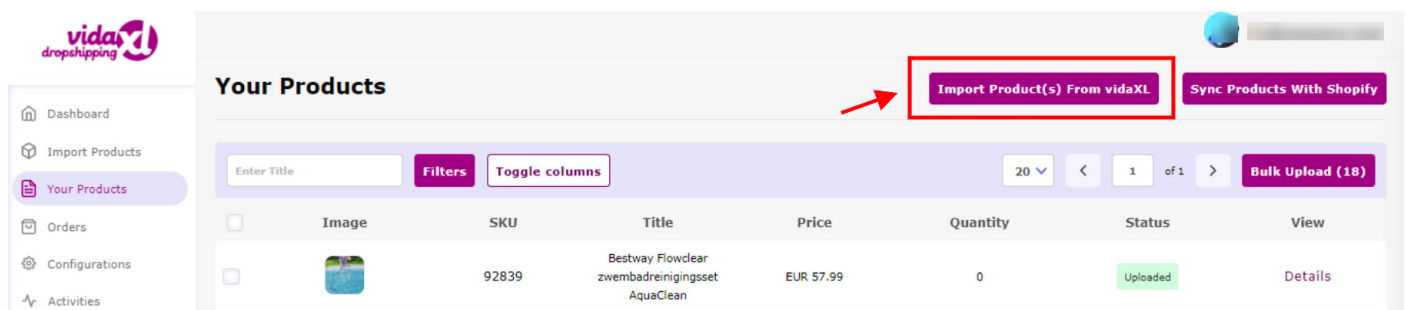

## Functional Tabs of the Product section

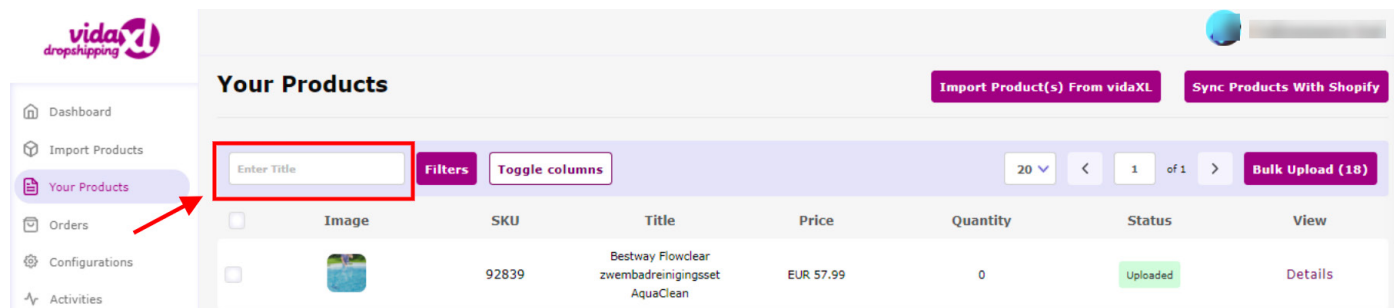

**1. Sync Products with Shopify:** You can use this method to avoid re-uploading items that are already in your Shopify store. The button ensures that your Shopify store's products are synced in real time.

**2. Import Product(s) from vidaXL:** This action is primarily for redirection, allowing you to go straight to the app's Import Products section.

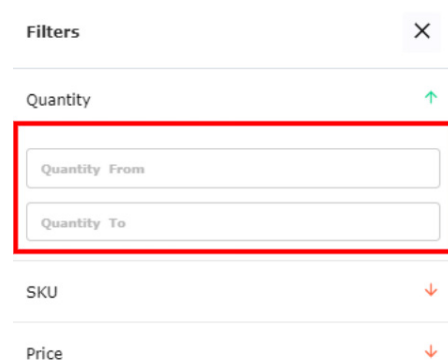

**3. Enter title:** You can use the Enter Title box to narrow your search for any vidaXL product by its title. It simply indicates that you must enter the product title here in order to view the product's details.

**4. Filters:** This helps you to filter products based on Quantity, SKU, and Price

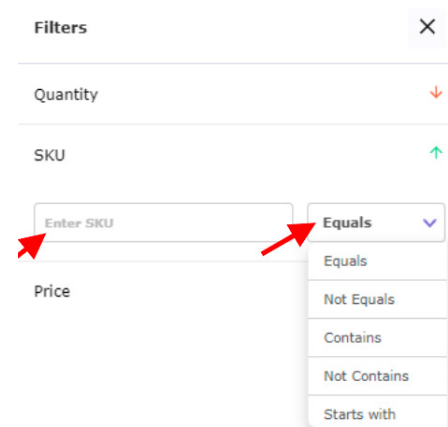

**1) Quantity:** Enter the quantity of that product you need to display in the product list below. Quantity can be:

- a. Equal:** If you know the exact quantity of the product,
- b. Not Equal:** If you want to remove products that do not match the quantity linked to your product

**2) SKU:** Enter the product's SKU and then choose the appropriate option from the Contains menu.

- a. Equal:** If you are certain of your product's SKU,
- b. Not Equal:** If you want to exclude that particular SKU
- c. Contain:** If you partially remember a particular SKU, type those values
- d. Not Contain:** If you know particular values were not contained in an SKU, type those values here
- e. Start With:** If an SKU starts with a particular value then use this option
- f. End With:** If the SKU ends with a particular value then use this option

**3) Price:** Enter the product's price to find a product in the product list below that has the same price.

You can enter a price range:

a. Price from: Enter the starting amount here

b. Price to: Enter the end price range here.

Filters

**4) Reset:** To undo the effect of selected filters use this option

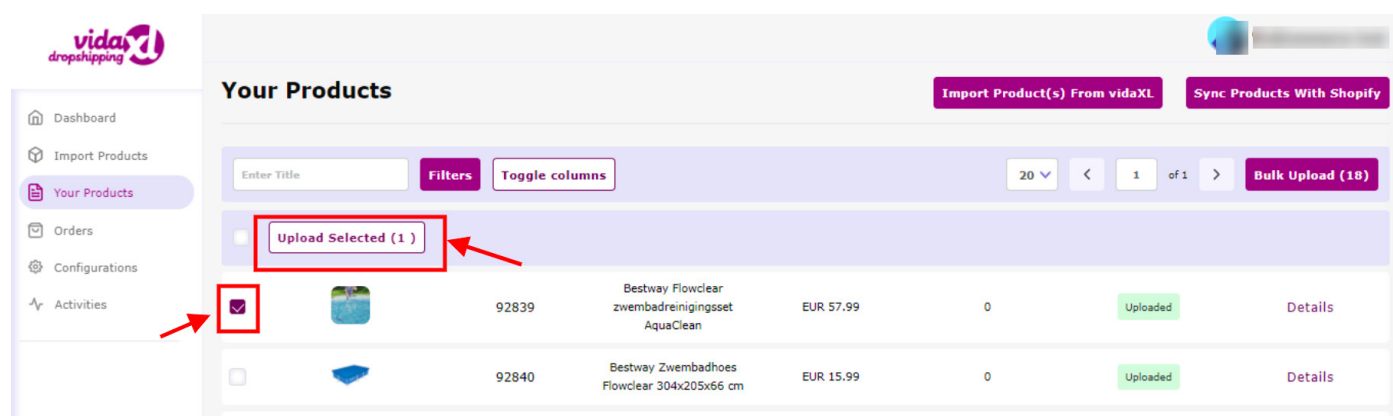

**5. Toggle Columns:** Use this option if you wish to remove any tabs or columns from the grid. For a better understanding, look at this image:

**6. Bulk Upload:** To upload products in bulk from vidaxL to your Shopify store.

**7. Checkboxes (Upload selected):** Now, if you want to upload a single product or a bulk of products, all you have to do is check the checkboxes next to each product and then click the "Upload selected" button.

You'll notice different tabs/columns on the grid, which will make your selling process easier because you'll be able to easily distinguish product details:

- A. SKU:** To prevent sellers from uploading the same products from several countries, each product must have its own unique identification.
- B. Image:** Picture that shows your product similar to your Shopify store.
- C. Title:** Descriptive headline of your product
- D. Price:** The product's pricing as it will appear on your Shopify store.
- E. Quantity:** It displays the amount of product variants available in vidaXL.
- F. Status:** This is the status of the product as visible on vidaXL (Imported/Not Imported)
- G. View:** Shows products attributes, images, and inventory.

	Image	SKU	Title	Price	Quantity	Status	View
<input type="checkbox"/>		92839	Bestway Flowclear zwembadreinigingsset AquaClean	EUR 57.99	0	Uploaded	Details
<input type="checkbox"/>		92840	Bestway Zwembadhoes Flowclear 304x205x66 cm	EUR 15.99	0	Uploaded	Details

# Orders

This area allows sellers to get updates on orders placed on their Shopify store. The following is an example of the section:

This section also helps to view important order details, such as:

Shopify order	Order id	Created at	Price	Quantity	vidaXL Status	Shopify Status	View
#1010	4025546047581	2021-10-28T07:01:26+00:00	€ 218.01	1	DENIED	PAID	Details

- Shopify order
- Order ID
- Created at
- Price
- Quantity
- vidaXL Status
- Shopify Status
- View

Shopify order	Order id	Created at	Price	Quantity	vidaXL Status	Shopify Status	View
#1010	4025546047581	2021-10-28T07:01:26+00:00	€ 218.01	1	DENIED	PAID	Details

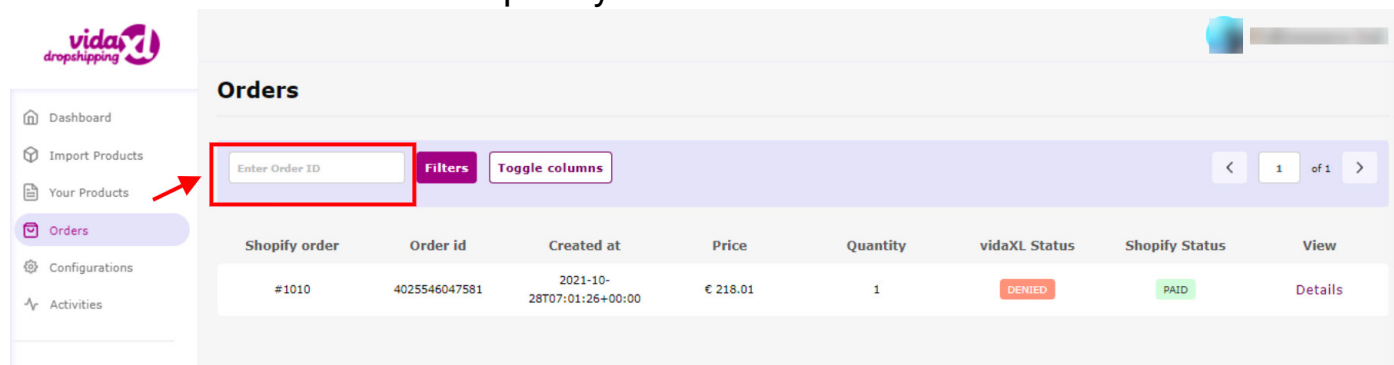

Let's shed some light on each column:

- **Shopify Order:** This column reflects the Shopify order number.
- **Order ID:** The unique order ID of the product for which the order is placed appears in the Order ID column.
- **Created At:** Shows the timeline of the order (when it was created).
- **Price:** the column provides the price of the product that reflects in your Shopify store
- **Quantity:** This shows the number of variants of an ordered product
- **vidaXL Status:** This shows the current order status on vidaXL dropshipping
- **Shopify Status:** Shows the payment status of customer as shown in your Shopify store
- **View:** Offers details about the Order, such as order timeline, current status, shipping address, etc.

## Some Important Functions of Orders Section

**1. Enter Order ID** - You must provide the precise order ID of the products when you click this search option. You will get suggestions with the same sequential order ID even if the order ID is not completely filled.

**2. Filters** - On clicking the “Filters” tab, a sliding window will appear on the right that lets you select several options to filter orders based on the status. Here you can find two types of options available:

**I. Shopify Status:** This allows you to choose from a variety of payment statuses as displayed on your Shopify site. You can filter your requirements based on a variety of factors, depending on your needs.

**01. Pending** - Orders that are awaiting acceptance or approval.

**02. Partially Paid** - Orders that are partially paid

**03. Paid** - Orders that are completely paid

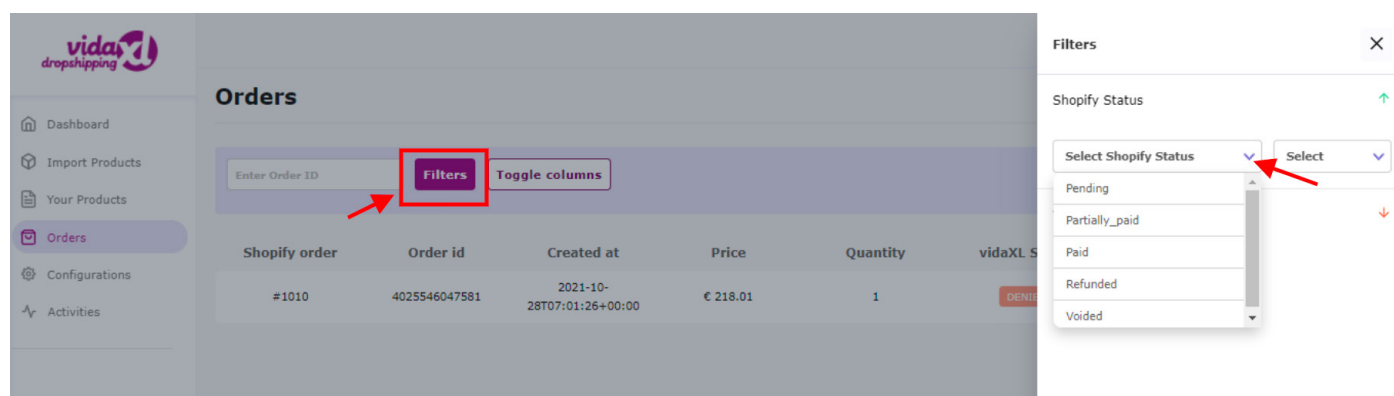

**04. Refunded** - Orders for which a refund was issued

**05. Voided** - Orders that have been cancelled due to certain reasons

Now, you also get an option to further refine your filter search for orders by selecting:

**A. Equal** - Orders that are equal to the certain specified value

**B. Not equals** - Orders that are not equal to the certain specified value

**II. vidaXL Status:** This area allows you to narrow down your search based on the tracking status on vidaXL once a product has been paid and cleared on the seller's Shopify account. You can choose from any of the vidaXL status categories to see only that product on the product description page.

**01. Temporary** - This shows the Shopify status as paid or not paid

**02. Submitted** - This indicates that the product order fulfilment has been submitted for dispatch.

**03. Sent** - This status signifies that the product is already shipped

**04. Cancelled** - This status signifies that the order got cancelled

**05. Refunded** - This status signifies that halted payment got refunded

**06. Replaced** - This status signifies that the order is replaced due to a certain reason

**07. Denied** - This status signifies that the order fulfilment is denied.

Now, you also get an option to further refine your filter search for orders by selecting:

**C. Equal** - Orders that are equal to the certain specified value

**D. Not equals** - Orders that are not equal to the certain specified value

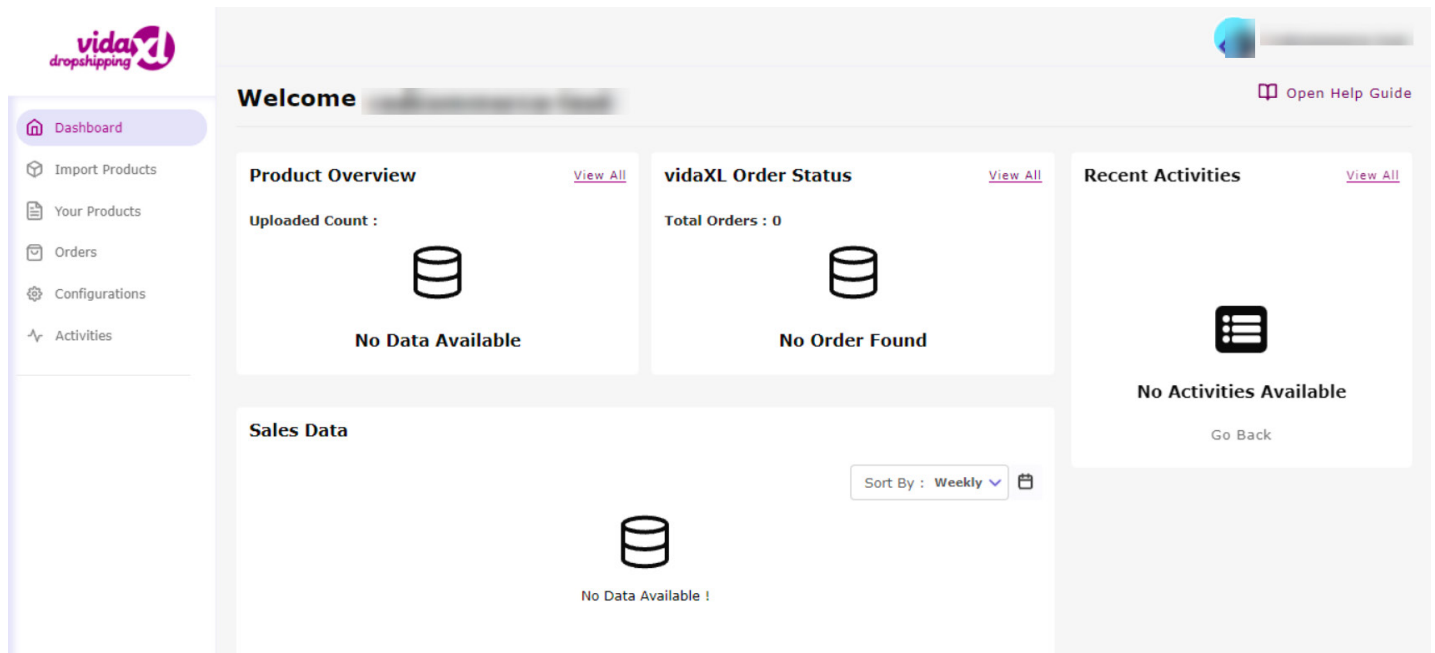

The screenshot shows the vidaXL dashboard with the 'Orders' section selected in the sidebar. A 'Filters' modal is open, allowing users to refine their search. The modal includes a search bar for 'Enter Order ID' and a 'Toggle columns' button. Below these, there are two main filter sections: 'Shopify Status' and 'vidaXL Status'. The 'Shopify Status' section has a dropdown menu labeled 'Select Shopify Status' and a 'Select' button. The 'vidaXL Status' section has a dropdown menu labeled 'Select vidaXL Status' and a 'Select' button. The dropdown menu for 'Select vidaXL Status' is open, showing a list of status options: Temporary, Submitted, Sent, Cancelled, and Refunded. A red arrow points to the 'Filters' button in the sidebar, and another red arrow points to the 'Select vidaXL Status' dropdown menu.

Shopify order	Order id	Created at	Price	Quantity	vidaXL S
#1010	4025546047581	2021-10-28T07:01:26+00:00	€ 218.01	1	Denied

# Dashboard

The vidaXL app's Dashboard is intended to offer the seller a graphical representation of important app information and updates.

You'll find an overview of Products, order status, and sale data here. The screenshot of the app's dashboard below shows how the area looks.

You also get access to a Recent Activity area, which provides detailed information on the activities that have been completed on the app.

# Activities

This area includes all of the latest activities you've done with the app. Any actions connected to import items, uploading products, product synchronizing, and upload error correction can be included in the activities. For a better understanding, see the image below.

# vidaXL dropshipping
